Remember Pearl Harbor !

* * * *

To the extent that the people of these United States are faithless to their task of expressing Individualism, represented by the Christ who obeys God only, they are worshipping the $ and are ruled by its creator: The merciless Jew, typical of Henry Morgenthau.

The trouble with our American "melting pot" is that all the scum rises to the top.

Who Started Pearl Harbor Investigation ?

Can It Rise Above Its Source ?

(Wahoo Democrat, Wahoo, Neb., Jan. 10, 1946)

With the American people becoming more and more befuddled with the confusion of the Pearl Harbor investigation, it might help to investigate how the investigation was instigated.

Late in 1943 **The Broom** (hate sheet published by alleged seditionist de Aryan in California) started demanding the immediate trial of Kimmel and Short so that the "real culprits" could be uncovered. Early in 1944, de Aryan was joined by the crackpot **Malist,** published in Meriden, Connecticut. Editor Sattler was, and is, an ardent disciple of Father Coughlin. The **Malist,** too, wanted to get the truth known about Pearl Harbor.

Soon the hate voices were crying in unison. The **Gaelic American,** mouthpiece of Father Coughlin's eastern adherents, joined the chorus. So did **America Preferred,** the vitriolic sheet dished out by the anti-Semite, Carl Mote. The Coughlinite San Francisco **Leader** joined in. **Women's Voice,** representing the bitterness of "We, the Mothers" cackled for a Pearl Harbor investigation. Gerald L. K. Smith, the America Firster, insisted in his disreputable **Cross and the Flag** that "the real culprits" of Pearl Harbor be uncovered. **America Speaks** (edited by William Kullgren) seconded the motion.

But the real leader of the Chorus was the Rt. Rev. Arthur W. Terminiello of Anniston, Alabama, who in his **Crusader** and in his radio broadcasts demanded that the instigators of the war (meaning Roosevelt) be "put on trial for murder." (Father Terminiello was recently kicked out of the Catholic Church by his superiors, but he's keeping his activites alive as a layman hate pamphleteer).

What happened after all this smoke-up?

Terminiello journeyed to Washington with a stack of petitions bearing 15,000 names. He delivered the petitions to Senator William Langer, the public defender of the thirty odd people who had been on trial for conspiring with the Nazi Government to undermine the morale of the armed forces. The Senator graciously inserted the Terminiello petition into the **Congressional Record** on July 12, 1945.

Senator David I. Walsh of Massachusetts, (prewar America First supporter, intimate of Father Curran, Coughlin's eastern Front) then sought the spotlight. He, too, demanded an investigation of Pearl Harbor. During his speech in the Senate he referred to the Terminiello petition inserted in the **Record** by his colleague, Langer. Subsequent to the Walsh demand, the Congress, as a result of the intense pressure, finally authorized the setting up of the Committee which is now investigating or befuddling the Pearl Harbor catastrophe.

There is the germ of the story which the people are entitled to know. Many honest citizens desire a factual investigation of Pearl Harbor. But they are getting something which was originally instigated as a political smear and which may never be able to rise above that level.

Editor's Note: Thank goodness there is somebody that gives me credit for my labors even though I hardly expected it to come from the Newdeal press.

RABBIS MARCH ON CAPITOL

WASHINGTON, D. C., Nov 12th,—A thousand chanting rabbis marched to the Capitol Building to demand redemption of Palestine as a Jewish homeland.

Why are the voices of the Christian ministers and Priests so silent in regards to the sufferings of millions of starving Germans? A grave responsibility lies in the hands of the clergy and they should have a moral and solemn obligation of speaking and acting in the name of those unfortunate people.

Christian ministers and Priests, a destroyed and hungry nation looks to you for action and humaneness. "If thine enemy hunger, feed him." Do not let them down.

If the real truth of what is going on inside Europe today were known the American people would raise their hands in horror. For the sake of a starving and humiliated people the clergy must not be silent any longer.

STRIKES!

The Strikes are on! Who brought them on?
T'was Mr. Roosevelt did it.
It all began long time ago,
When War's loud trumpets began to blow
Ah, brother mine YOU SAID IT!

Men have a right to strike, you say,
But strikers have no right to slay,
To break the heads of peaceful men
To level all in human ken.

To riot, to destroy and maim
And to do it all in LABOR'S NAME.
But Mr. Roosevelt, how did he
Bring all this trouble on our head?
Let loose the communist and Red?

By coddling RADICALS, my friend,
By yielding to them without end.
The Roosevelt Supreme Court made the rules
And thus the public play the fools.

And so unchecked the Labor Bosses,
Ran all amuck like runaway hosses,
The Roosevelt Labor Board bent back
To put all Industry on the rack.
Trying the man who pays the wages,
Writing havoc for History's pages.

For Labor is "above the Law,"
With highway robbery, mayhem, murder,
And sundry outrages done to order,
By Union racketeers and criminals
Who ride the back of honest Labor
And got from F. D. R. the favor
That honest folk would seek in vain
For even Justice to attain.

The Union, it could do no wrong.
A spoiled and pampered child with spawn
Of envious crooks and red and pinks.
And other similar sundry links.

The Union men at large are good,
I back them for they earn their food,
But criminals and racketeers
Throw monkey wrenches in the gears,
So reconversion drags and stops.

Up goes the shout "Call out the cops!"
And so more skulls are broken in,
Before the picket lines are thin.

No Union, Sir, can make WRONG RIGHT,
Nor on the public put the BITE,
But Mr. Roosevelt blocked all laws
To blunt the teeth and trim the claws
Of Labor racketeers and thugs,
And other likewise lawless plugs.

Roosevelt refused to trim the powers,
To stop abuses that our ours,
And make all Union give account,
To toe the line and oust the crooks
And teach them all the legal books,
And let the Unions know at once
The PEOPLE will not play the DUNCE,
Though politicians coddle men
In hopes they get their VOTES again.

Truman to 'Glamorize' the Suckers

WASHINGTON,—Sam Rosenman and others who had been writing FDR's speeches have advised Pres. Truman that his predecessor won votes by delivereing the ghost speeches in a melliflous voice which fooled the people into believing the lies he told them. They advised Truman that his plain Missourian monotone gives them away and people instead of being hypnotized by a glamourous voice start thinking, hence Congress and the country oppose him.

SPECIAL TELEVISION STUDIO SET UP IN WHITE HOUSE FOR TRAINING

To offset this handicap they advised him to study television. They claim that his twinkling eyes and his boyish grin will accomplish what FDR's voice did, to put over the Jewish schemes cooked up by Rosenman as ghoster for the Sanhedrin. Truman fell for it. Instead of getting himself honest-to-goodness Americans to advise him and write honest-to-goodness speeches which would solve the problems of his office, he is grooming himself in an up-to-date television electrical studio, practicing glamor, to finish up the bloody farce that ruined Europe and Asia and made Stalin's Russia the most powerful nation that dictates the policy of government for the USA and the rest of the world.

Federal City

"F. E. P. C." Violates Most Basic of All Liberties

By WASHINGTON ADAMS

WASHINGTON (Special),—By pushing the vicious F. E. P. C. proposal, President Truman has again bowed to demagoguery. Fear of the power of the Jewish and Negro minorities, numbering less than 20 millions, has induced him to SELL 120 MILLION WHITE GENTILE AMERICANS DOWN THE RIVER.

Nearly all of the 49 Senators who voted to take up the F. E. P. C. bill were, in their hearts, OPPOSED TO THIS VICIOUS MEASURE. In some of them we see both demagoguery and poltroonery.

This is a red socio-communistic measure, typically Newdeal in nature, and simply another one of its many restrictions of basic human liberties.

The right of a worker to select his own employment and to bargain his services with any employer he may choose is one of the MOST SACRED of all human rights in the realm of liberty and freedom. It belongs to the Christian era, and back of it lay ages of serfdom and slavery. The F. E. P. C. would deprive the white Christian worker of a portion of his bargaining rights.

The right also of a worker to SAVE HIS WAGES, become an EMPLOYER himself and to climb up, is an equally precious right, vastly productive of progress (but a right that does **not** exist in Russia, the home of the F. E. P. C. idea).

But even more ancient—and the most ancient of all rights—was and is the right of an employer to select his own workers,—to pay out his hard-earned money to those whom he deems most valuable to him in industry, honesty and efficiency.

This sacred right has always existed—since man began to reckon time on this earth—since primitive man first emerged from the forest, pushed his matted hair back from his low forehead and looked up at the stars.

It is this, the greatest of all employer freedoms, which employers have enjoyed always, that the red fanatics and their cowardly fellow-travellers NOW PROPOSE TO ABOLISH.

This dastardly F. E. P. C. proposal is not only vicious in its destruction of the most ancient of liberties, it is also a FRAUD in its title and intent.

It is NOT a FAIR employment practice law. It is viciously UNFAIR in that is compels an employer to DISCRIMINATE **AGAINST** persons of the white Gentile majority.

It is the first COMPULSORY DISCRIMINATION measure in world history.

In every case where an employer SELECTS his help, he must exercise DISCRIMINATION. For all time past he has had the right to use his own discretion.

Under this evil, foolish and unfair bill, the employer must not select a white man in preference to a Negro, or a Christian in preference to a Jew, on pain of imprisonment.

No law could be devised by the wit of man, so calculated to cause hatred and resentment of Jews and Negroes, once hard times come upon us, and this ANTI-WHITE and ANTI-CHRISTIAN LAW is really enforced.

Already the Roosevelt F. E. P. C. committee of Negroes, Jews and Japanese (without any penal clauses) has so browbeaten government personnel as to bring about the hiring of Negroes to the proportion of 37 per cent of all employees in government-owned plants, and a total of around 300,000 Negroes in government jobs. Many are lazy, inefficient and incompetent, but are kept on for political reasons.

Great senators of the South are wisely opposing this monstrous and wicked measure. They believe it violates the Constitutional right of contract, and Amendments IX and X of the Bill of Rights. But they prefer to kill it in the Congress, rather than to trust a New Deal Court.

Jews Have Mail Service to Germany

Dear Mr. de Aryan:

I mailed a copy of included letter to the President, the Secretary of War and the Secretary of State. You are free to reprint these lines in your paper if you want to.

Sincerely yours,
E. F. ELMHURST

Dear Mr. President:

For a period of seven months some of my friends have written to you in an effort to reopen mail and parcel service to Germany. It appears that all these urgent appeals either do not reach you or they are purposely being ignored. If Democracy and Humanitarianism still have any meaning in this world, and in particular in USA, some ways and means should be found to end that policy of strangulation and starvation for the German civilians.

At the end of World War I it was the Frenchman, Clemenceau, who aired his view to the effect that there be some twenty million Germans too many. In accordance Great Britain enforced after the Armistice an additional six months period of blockade around the German ports with the result that many hundreds of thousands of people died.

After the Nazi war machine had been crushed it will appear that the 'democratic' Allies have agreed in starving the German civilians to death by gradual strangulation and by reducing their food ration to a point as to make no human being fit for survival. Jews and displaced persons are receiving twice the calories of food as are officially being granted to the German civilian population. I remember press reports from the English sector of Berlin where last June the death rate among the Germans was 500 per cent as high as a year ago; and in September the British reported that in that very same English occupied territory the German death rate had risen to 700 per cent as compared with a year prior.

In view of the fact that the victorious Allies have crushed or crippled most of Germany's industries it stands to reason that in order to make survival of Germany possible that country should be granted reasonable opportunities to work out its own recuperation and salvation. However, the insane and diabolical Morgenthau Plan appears to prohibit such an opportunity, and officially the USA seems to be backing up this program of human extermination. Inasmuch as the USA has granted several Jewish organizations the privilege of shipping parcels and relief packages to relatives and friends in Germany why not grant the same favor to the Gentiles? I, therefor, urgently beg you not to keep up this unfair program of discriminating charity toward a certain few while the Gentile of Germany is facing a live death, and this in the name of ....DEMOCRACY.

Most respectfully yours,
ERNEST F. ELMHURST

FIENDISH

CHICAGO,—Those who want to cling to the fiendish Morgenthau plan which would kill 10,000,000 or more human beings make the excuse that we gave our solemn promise. Did these same people who call this evil promise sacred get indignant when our representative in Washington did not carry out his solemn promise that he would never send our boys to fight on foreign soil? City Salary Tax Proposed for L. A.

LOS ANGELES,—A report recommending a 1 per cent tax on all Los Angeles salaries as a revenue-producing measure was approved by the city council's revenue and taxation committee for presentation to the city bureau of budget and efficiency.

The report was instigated by the revelation of Dr. Malcom Davisson, of the University of California, at Berkeley, tax consultant for the League of California Cities, that a salary tax had raised $1,800,000 a month in Philadelphia.

ROB EMPLOYEES AND GIVE TO PARASITES

The economic dislocation cannot be righted unless it is done scientifically. The present chaotic state, that produces the strike situation on one hand and depletes public treasuries on the other, is due to the ignorance of the general public concerning basic economic truth. This ignorance is wilfully and deliberately inculcated by our politically controlled public school system.

Today, the spoils system prevails. Humantiy at heart is still in the savage era, civilization is not even skin deep. Hunting is the game of life and the hunted is exploited. This is the basic **human cause of INSECURITY in the world today.** When this ferocious trait gives way to the Golden Rule, then, and only then, will there be safety for the individual; but it has to start with his attitude towards the weak. Today, the weak animal is slaughtered and devoured, the unwary is a prey of the wily, the defenseless of the strong. This human trait extends from the victims of the animal kingdom to the human victims as well, hence wars.

Los Angeles, a monster city of real estate exploiters and sharp dealers; a Mecca for the Jews where business and lands are fast changing hands, now proposes to tax salaries in order to increase and stabilize landvalues. That means, **the workers are to carry the burden** that the landlords may reap. Why not make the landlords pay for their own protection with a tax on the land?

Landvalues are the result of community activity; where people congregate and do business, create a government, produce improvements, the value of land increases proportionately. This increase is not due to the work of the landlord, but due to the work of all the people in that vicinity. Hence the landlord is NOT entitled to cash in on the work of the people. But from feudal days till now, the tenants were exploited and the people at large were robbed of their products to enhance landvalues and the RENT collected by the landowners. This RENT belongs in the public treasury because it represents the annual **dividend** accrued at that location **from the activities of ALL the people in the community.** If the people move away how much **value and RENT will the landlord collect?**

Henry George pointed to this truth. But the landspeculators and extortioners of RENT prefer the present tax system which collects only 50 per cent of the tax from the land, instead of 100 per cent; and have the other 50 per cent saddled on the **workers for WORKING to produce high landvalues.** Hence taxes on improvements, produced by workers, on goods, transactions, and on salaries, incomes and all excises. Which means ALL the people DONATE 50 per cent of their public revenues to the landlords and then introduce all these nuisance taxes to rob each other to make up for the deficit.

If the full land-value-tax is collected, which means the RENT due for **PUBLIC SERVICES of the community,** no burden needs be imposed on the earnings and products of the individual. Then is when the worker will get in his pay envelope the full value for his labors and the merchant will get the full price for his goods, **without deductions to support the landed parasites.**

"Hey!" cried Satan to the new arrival. "You act as if you owned the place!"

"I do," came the reply. "My wife gave it to me before I came."

When the War Began

Mrs. Roosevelt must have found a special kind of gratification when she dined off gold plates in St. James's palace as the guest of his Britannic majesty, George VI. The other members of the American delegation to the united nations assembly were there, it is true, but as concerned herself Mrs. Roosevelt was probably pleased to think that the collation was intended by the king to reciprocate for past hospitality. Memories of the June days of 1939 would return to Mrs. Roosevelt.

In June, 1939, Britain was only two and a half months away from war with Germany. With the clouds gathering over Europe, George and his consort, Elizabeth, after a Canadian tour, crossed into the United States at Niagara Falls on June 7. While Mr. Roosevelt and his wife dallied coyly in Washington, Secretary of State Hull was dispatched to receive the royal visitors at the Falls and whisper auguries that the mission would be crowned with success.

From Niagara the royal triumphal precession led to Washington, where the king and queen were warmly received by the Roosevelts. They stayed at the White House, and, as a token of things to come, placed wreaths on the tomb of the Unknown Soldier in Arlington, who had died in a preceeding rescue of Britain. They swam in the White House pool, and a few days later, at the Roosevelt estate in Hyde Park, N. Y., their association with the American royal family was resumed. There was another pool to swim in at Hyde Park, and there were hot dogs on the lawn. It was considered very "democratic" that the king and queen should eat them.

At St. James's palace the fare was more imposing than hot dogs, and Mrs. Roosevelt may have felt that her modest picnic lunch was being repaid in ample measure. The payoff, however, could not be reckoned by a computation thus simple. Somewhere in the balance of benefits it would be necessary to make allowance for the fact that America again had gone to war to save the British empire, and that the cost must comprehend the loss of some 260,000 American lives, three-quarters of a million men shattered in body and mind, a debt of more than a quarter of a trillion dollars and a country disorganized after war. An outright gift of 4.4 billion dollars to Britain was also to be added to the tab.

When the definite history of our era is written, we do not doubt that it will show that America was delivered to the support of George's empire at the time of the royal visit. Today we do not yet know the full cost to our country. — Chicago Tribune.

CHRISTIAN FRONTERS CONVICTED IN NEW YORK

NEW YORK,—Three Christian Fronters were convicted in the Long Island City Court of Special Sessions, N. Y., on January 10th for "breaching the public peace." The charges brought by the Jewish War Veterans grew out of a Christian Front corner meeting, in Queens Village, Oct. 6. 1945.

"Breach of the peace" in this case consisted of distributing anti-Semitic literature containing statements described by Justice Curran, one of the trial judges, as the 'most villainous, venemous trouble-inciting, hatred-inciting statements I have ever heard in my life . . . . . it is a terrific gesture against peace and harmony in the United States of America'. Mr. Justice Curran, who made the statement as part of the court record, referred to one of the pieces of anti-Semitic literature, a pamphlet titled "Jewish Murder" distributed at the Christian Front meeting held in Queens Village, New York on October 6, 1945.

Those convicted were Homer Maertz, who last year introduced a resolution at the convention of the America First Party calling for the deportation of Jews; Kurt Mertig, pro-Nazi; and Ernest Elmhurst, one of the 29 defendants in the Washington sedition trial.—S. W. Jewish Press.

Jew-Dealers Out to Ruin the Business Of German-Americans

NEW YORK,—Federal Judge Robert R. Nevin, hearing writs of habeas corpus filed for 90 internees held at Ellis Island, brought an end to an angry exchange between opposing counsel, but only after some bitter charges were made against the Washington administration.

George C. Dix, attorney representing many of the internees whom this government sized in Central and South American countries, said the delay in releasing those against whom there were no "real" charges of Nazi connection, was part of a "diabolical plot".

"The government's dilatory tactics are part of a scheme to ruin these men in a business way," he charged.

Names of most of the internees had appeared on American and British blacklists designed to prevent the transaction of business with the enemy.

U. S. HAS RIGHT TO TAKE WATER FOR USE IN S. D.

SACRAMENTO,—Fred Wood, state legislative counsel, presented an opinion the United States government has the legal right to take a water supply from the Metropolitan Water district and deliver it to San Diego for use by governmental activities without the city or county becoming a member of the district.

Calif. State Senator Ed. Fletcher added:

"This confirms my contention that if San Diego built its own facilities to a connection with the Metropolitan Water district at San Jacinto, there is nothing in the state law or that of the Metropolitan Water district act, that would prohibit the district from renting, for a reasonable period, its unused carrying capacity in the water system to bring water from the Colorado river filed on by the city and county of San Diego and deliver same at San Jacinto, through its presently constructed system, the understanding being that the terms and conditions will be mutually agreed upon as to the time limit and price for the rental of this service."

Fletcher contends the Metropolitan Water district "is using less than 10 per cent of its carrying capacity and that it can, if it will, lease for a period of years some of that unused carrying capacity **without forcing the city of San Diego to become a member of the Metropolitan Water district."**

Editor's Note: Now let's build a diverting dam at Sutherland with the money saved from unnecessary membership in the Metropolitan water district and save some of the flood waters wasted into the ocean. Let's build a conduit to San Vincente reservoir and protect San Diego against a possible dry spell!

MacArthur Rules Jap War Crimes Must Be Proved

POLITICAL ACTIONS TO BE HELD INSUFFICIENT

TOKYO,—Proof of individual guilt rather than group responsibility will be the requirement for conviction in the war crimes trials of top Japanese, Gen. MacArthur's headquarters disclosed. The trials are expected to get under way early in March.

MacArthur, it was learned, will issue a charter for the trials within the next few days, holding that acts of omission or membership in a warmaking cabinet or a malevolent organization are in themselves insufficient evidence of guilt.

The rules thus will not follow the pattern established at the Nuernberg lynch-law trials of German war leaders. They will rather seek to impress upon the Japanese public the personal guilt of each defendant by his specific acts.

A Murderous House of Cards

Dear Mr. de Aryan:

Hearing so much about the Atom Bomb lately, reminds me of a speech "Roosevelt" delivered at Buenos Aires in the year of 1936, in one of his socalled good neighbor campaigns. I quote:

"The nation who wants to create Prosperity thru making **Guns, Bullets and war-machines, these will be turned against them some day!** That kind of prosperity is like a house of cards, it will break down when you touch it!"

I wonder if this is a Prophecy? We made a tremendous amount of ammunition, fire-bombs, war-machines and "last, but not least" the atom-bomb, the great killer and destroyer! Do we think we are the only nation to be able to construct an atom-bomb!? It did cost 2 billions but that doesn't mean it can't be done for less. If this prophecy should come true it wouldn't be the Germans who'd be responsible. I have a faint suspicion it will come from a nation we helped to be strong. No matter how many treaties are made to protect the secret of the atom-bomb, treaties and promises have been broken not only by **one** nation! Time will tell!

'Torch Murder' Hushed By Army As 'Top Secret'

OFFICER BELIEVES CASE IS SERVICE SCANDAL

FRANKFURT, Germany,—The 20 day old investigation into the mysterious torch murder of three United States military government (AMG) officers at Passeau has been classified as "top secret."

A high officer closely associated with the case said he was unable to explain why reports on the slaying flowing into theater headquarters had been given the United State's army highest security classification.

Rumors circulated that an arrest had been made, but high officers refused to comment. Instead, the secrecy surrounding the case was intensified.

OFFICER UNDER SUSPICION

One officer unofficially volunteered the statement that he believed the case might be an "intra-army scandal." A report said an American officer was under suspicion.

CHAPTER XIV.

Yudas had watched and noted every movement that was being made, but when he found no miracle was wrought, for he still hoped that something great would transpire, when he saw his Master laid to His last rest, the little flickering flame of hope died away and he went out to seek a spot where he might end his unhappy life. There were moments thruout all the struggle with himself that fanned the flame of hope for a miracle; he felt it, altho but faintly, that his Master would arise in all His majesty and glory and surprise the entire world. He thot of the many prophets of old who had performed miracles, and had he not seen his own Master call forth the dead from their graves? Then why should He not be able to raise His own body from the deep slumbers of the tomb?

Stealthily he walked at midnight to the grotto. Ever and anon would he halt and listen. What was this he saw under cover of the darkness of night coming up the path leading to the palace of Yousef. A white figure, leaning upon the shoulders of two other white-robed beings, was slowly proceeding from an underground passage towards the narrow and short path leading to the doorsteps of the palace. As he drew nearer he beheld the countenance of his Lord and Master, who recognized him hiding among the bushes, and a voice most tender and sweet calling "Yudas, Yudas," fell upon the madman's ears. But Yudas seemed as if rooted to the ground. Speech failed him, and only in a whisper could he answer, "Rabboni."

As Yessu stretched out His hands, altho somewhat restrained by His guardians, as if intending to draw Yudas into His bosom, entreating him by repeating his name and inviting him to "come unto Me," Yudas, as if awakening from a dream, dropped headlong upon the stone steps to which he ran, dashing his head against them, and before he could be reached and helped he arose and with the cry of a maniac ran into the secret passageway, followed by Nicodemus and Mathaeli, who wished to avoid all publicity as to what Yudas had seen.

Yudas ran the entire length of the passageway to the sepulchre, and finding himself followed in the dim light by two beings arrayed in silver-gray garments he was distracted. He dashed his whole weight with mighty force against the stone door, resting upon mere pivots, and with frenzied energy and heart-rending cries pushed out the stone with a power born of agony and fear and plunged thru the opening, followed by the frightened guards who sought a place of safety by directing their feet towards the city. Yudas, seeing the panic-stricken guards fleeing towards the city, followed them closely, thereby increasing their fear.

Nearing the city he came to a halt, and returning to the private grounds was met by a man arrayed in white waiting to take him into custody. Upon seeing the white figure, Yudas once more lost his reason and darted towards the mountains, pursued by the man. Blinded with fear he began running towards a stone quarry, unaware of the dangerous nature of the ground upon which he was treading. One more step and with a cry of horror he fell over the steep declivity.

On the morrow he was found entangled in one of his garments, which was drawn tightly about his neck, his limbs broken, his skull fractured and his body torn. His death could not have been instantaneous, for his hands were found tightly clutching the heavily-grown underbrush. The first rays of sunlight must have shone upon his countenance before he expired, for his head was raised towards the sun and a peaceful smile rested upon his face, which showed mingled traces of suffering, mental remorse and anguish.

Of his tragic death as little as possible was revealed to the Congregation of the Covenanters, who were informed of the ending of the life of one who stood well among them and who was looked upon as a friend by the disciples.

Yousef of Arimathea ordered the burial of Yudas with all the honors due a dear friend. They laid him outside the garden wall, planting a rose tree over his grave, symbolizing the union of beauty with that of suffering.

In the city arose a great commotion among the priests when the news reached their ears of an event which had no parallel in all the history of Yudea. Witnesses were heard and cross-examined, and they one and all agreed that a terrible noise like that of an earthquake had first been heard, followed by the falling, as it were, of rocks. The witnesses claimed that the dead arose and stood before them, arrayed in garments of white. They heard the midnight cry, as related in the scriptures, and a storm arose, followed by a shower of rocks, to which the many flesh wounds some of them had received testified, a proof not easily denied.

An investigation of the sepulchre showed the grave had been opened and the rock sealing the opening broken in two. Many marks showed that a terrible and superhuman force had been employed in the removal of the stone that had been sealed on the outer side.

Nothing suspicious, or anything that seemed to be the work of human hands, could be found about the grave, which was proved by the testimony of trustworthy people and witnesses, corroborating the stories related. The scribes marveled, and the lawmakers and judges reexamined the witnesses, but the more they investigated the more confused they became. They resorted then to their usual device, that of treating the subject with silence, forbidding the faithful to question these matters.

A Run-Around for Fred

In last week's paper Fred took issue with his father on the issue of self-defense and self-preservation, arguing that (1) Christianity keeps no secrets in atomic discoveries and wins over everybody by Love. That (2) nobody kills Santa Claus and (3) his father has not a correct view of the pacifist picture.

Well, Fred, and our readers, got his father's reply to it, but our linotype operator, after setting the two stories in type, remarked, "Fred got a nice run-around, you did not answer a single point."

Evidently our answer was too subtle. Fred's 3 contentions were: (1) no atomic secrets in Christendom. (2) Nobody kills Santa Claus. (3) No Christian uses violence for self-defense, hence "divine ingenuity" to protect the Christian U. S. A. would not resort to secret, destructive weapons because only the devil destroys.

Answer to (1) was, leaving matches within reach of children makes one responsible for their fire damage.

(2) The Sanhedrin does kill Santa Claus, for Jesus Christ and His Love for all mankind is Santa Claus.

(3) Fred is 18, a gentle hint at the fledgling age where the youngster's imagination creates illusions which are intellectual vagaries.

Then we gave Fred a repeat instruction how he was raised to find the solution to every problem confronting him in life. We did not intend to do Fred's thinking and present him with the solution, we merely checked him in his mistakes.

But, here lies the fault of (3) "Divine ingenuity" does not employ violence in self-defense. Fred should have known better than to charge Kosti with ignorance.

Esoteric religion teaches that your Thought is influencing you, the originator, and comes back to you to bless or destroy your peace.

"Divine ingenuity" naturally, then, would blanket a Christian U. S. A. with an etheric deflector-reflector. A-bombs shot at us would either be deflected into outer space, or else be reflected exactly back to the point of origin. What can be done in "esoterics" can be done in matter, too. What can be done with light, sound and etheric waves can be done with projectiles, too. If anybody prefers to commit suicide, the initiative and responsibility is theirs. "What goes up must come down," says gravity.

Killers Must Pay

Dear Mr. de Aryan:

When I read Mrs. J. G.'s letter in your Dec. 17th issue, I was very glad to find that there are still a few Germans who dare to speak their minds. It is also new to me that the Germans were the evil ones who crucified Christ—and I protest emphatically that they are the greatest meat eaters. As far as I remember, meat was always, whether before or after World War I, much too expensive to be devoured in large quantities. As you will recall, the World War I lasted for four years and during those trying years we got allotted only few ounces weekly and more often nothing at all. What the German people have gone thru no one can even vision; only those who were fortunate enough to live thru it can tell the facts. And the inhumane suffering in World War II is simply unimaginable. You may see that there was never a time in the last few decades where food and especially meat was so plentiful that the nation could be classified as the "greatest meat eaters".

When will people finally cease to propagate hatred? If a few of the German leaders have failed and gone astray, I cannot see the point why the masses should be made responsible for their misdeeds. They have to follow whether they want to or not, it is in every country the same.

Who casts a stone? and where are the real murderers? Millions of innocent civilians have been ruthlessly murdered, and millions have been maimed and crippled and still more will die of starvation and cold this winter. What for? Do you wonder when one doubts the existence of a God? The Government does not permit us to help our own kin. Not even mail service is opened that we could find out what is left. Humanity has indeed closed its doors forever.

I learned with regret that Dr. Hanish has died. Even his name was very well known and held in high esteem among the Mazdaznan followers in Germany.

Even if it hurts to read sometimes iniquities about the German people in your columns, I shall remain a staunch reader of your paper. One must admire a man who ventures to expose shady people and crooks. Too bad, there are so few courageous ones. My best wishes for the New Year.

Sincerely yours, A. V.

Editor's Note: Anyone with good sense must realize that he who lives by the knife and violence produces his own misery. It makes little difference whether one kills animals for a daily ounce or pound of flesh. People who are so callous that they will murder to eat must reap what they sow. The people of Germany and every country in the world produced their own miseries, or else—there is no God.

Fred to Speak at L. A. Temple

I received a telephone message from Fred that it was announced at the Mazdaznan temple services last Sunday, Jan. 29, that Fred is to speak at the following services, Sunday, Jan. 27. Of course, that means his father will have to get his car out and be there at 11 a. m., 1159 So. Norton Ave.; Take Pico car and get off at Norton.

We are publishing this information for those who might wish to meet both Fred and his father and also become acquainted with the Mazdaznan message, the infallible message that is to lead the white or Aryan race to its fullest development until it produces the **Transparent Race** which is the type of man and woman that incarnate the Golden Rule in their daily lives.

A Petition to the President Of the United States

Harry S. Truman, The White House, Washington, D. C.

Dear Mr. President:

Five thousand young men are detained in Federal prisons for Selective Service violations.

American occupation forces have released thousands of imprisoned men in Germany and Japan. They did this because they did not consider these men to be criminals but political prisoners jailed for their opposition to an act of the State.

We believe and insist that Conscientious Objectors to war held in American prisons are political prisoners and should be released immediately by general amnesty.

CHATS WITH GLADYS

"Honi Soit Qui Mal Y Pense"

JESUS CHRIST PAID FOR US

"What did Kurt Graichen mean when he said at the Temple that 'this time there won't be any bloodshed', according to Dr. Hanish", asked Gladys after the meeting.

"He had reference to the office of Dr. Hanish as our Zar-Adusht, meaning Prince of Peace. The Zoroasters before him had to pay with their lives for daring to proclaim PEACE."

"Does Dr. Hanish rank with Jesus Christ, Kosti?" Gladys looked up at me with astonished eyes.

"You must understand that to some of his followers he is another Jesus Christ. But he never considered himself of equal rank. He always looked up to Jesus as his superior, even with a nostalgic respect. I well remember the look in his eyes and the tone of his voice when he spoke of Jesus. From my observation those of his followers who idolize him do him an injustice".

"What did he mean by 'this time there won't be any bloodshed' ? "

"Jesus was the 9th Zoroaster, or Prince of Peace messaiah to the white or Aryan race, who had endured bloody reprisals at the hands of the devilish rulers of the earth. He came to put an end to bloodshed **and succeeded."**

"That is strange. It's a puzzle to me to hear you make such a statement while we are yet at war. Is the atom bomb a sign of success? I appreciate that you know what you are talking about, but it certainly is a riddle."

"That's just what Graichen means, too. The way of solving that riddle is our problem, but it's nevertheless true. Jesus paid with his own body and his own blood that those who follow his example need not pay a second time. Does this give you a clue? He broke the power of hell."

"You mean, if we dare stake our lives and literally live up to the commandments of Jesus we won't have to pay for it with our blood, as he did?"

"That's it exactly. Before him those who challenged the murderous rulers always paid with their lives; since Jesus this is no longer necessary, because he opened up a path that gives immunity. He introduced on Golgotha a new element of spiritual dominion over matter that all who follow his example may now use and be protected in their persons."

"But Kosti, did not Petrus and Paulus have to suffer death even though they were his disciples?"

"Were they? Or did they follow their own minds and bungled everything? Don't the results tell?"

"That gives me a new slant. Are you a follower, Kosti?"

"I follow nobody, not even Jesus Christ. But I certainly investigate his teachings and try them out. I came to the USA and went ashore without a penny; only the clothes on my back, to try out his instructions of going into the world in the pure faith of one's mission. I did not even keep my papers to qualify myself as an engineer after I had received one of the grandest introductions. I started out as a harvest hand in Maryland."

"But Dr. Hanish landed here with a fortune, it is said".

"You see, Gladys, there are many stories about Dr. Hanish. The fact is that wherever a conflict arises between his example and the instructions of Jesus to his pupils, I take Jesus and always come out on top. That's how I discovered the path by which I dare oppose the war mongers, to their faces, and I am still going strong. They locked me up, they shot at me, they threw me in the bay, but I did not drown; they beat me up, but aside from being a little crippled I am still alive; and let me tell you: **I can see now that HAD I FOLLOWED the instructions of Jesus minutely I would have never been even jailed.** But at times my faith was weak, then I made mistakes so the enemy took advantage of it and had me under, but never for long."

"You mean, that one who follows the instructions minutely can stand up for PEACE and the true Christ spirit right now and get away with it?"

"That's exactly what Dr. Hanish meant when he said **'this time there will be no bloodshed'.** That's why I jump in where others fear to thread. The wars merely demonstrate the folly of men who rather follow a Hitler, a Stalin, a Roosevelt, Churchill and the rest of the war criminals, than follow the instructions of Jesus who **loved us so much he gave his life that we may be free to stand for peace,** and 'this time there will be no bloodshed', Dr. Hanish reminded us, therefore: DARE!"

DO IT AGAIN ! ! !

Do it again,
It was so wonderful,
Do it again,
It changed this life so dull
Into a heaven, paradise,
Filling our hearts with sweet surprise,
DO IT AGAIN! ! ! !

Do it again!
Oh angel of delight,
Oh let me see
Thy radiance shining bright.
Oh let me hear thy angel tongue
Reveal to me life's sweetest song,
The song of love ! ! !

Do it again,
Fill me with ecstasy
Body and soul,
Up to the nth degree,
Till I feel rising from the ground
While I am to your bosom bound
IN ECSTASY ! ! !

Remember Pearl Harbor !

WASHINGTON,—Admiral Husband E. Kimmel told the Pearl Harbor committee that he might have "ambushed" the Jap fleet in 1941 if the Navy Department had not misled him by witholding information pointing toward the sneak attack.

CHURCHILL WON'T REVEAL HOW HE PLOTTED FOR 4 YEARS

His testimony was interrupted at one point when the committee voted 6 to 2 against asking Winston Churchill to appear as a witness and tell of his 1941 Atlantic Charter conference with the late President Roosevelt.

The six votes against calling Britain's former Prime Minister were cast by Democrats.

The vote of the four Republicans was split. Two—Senator Ferguson, Michigan, and Representative Gearhart, California— answered "aye." The other two—Senator Brewster, Main, and Representative Keefe, Wisconsin—answered "present".

The Democratic position was that Churchill, now vacationing in Florida, deserved the rest for which he came to this country. Ferguson contended that Churchiull knows more than any man now alive about agreements reached at the Atlantic Charter conference.

The husky, gray-haired admiral testified that he was not permitted to be present during questioning of other witnesses before the Roberts Commission. He added that Navy Secretary Forestal twice denied him the right to be present and question witnesses in the 1945 investigation.

CAN'T UNDERSTAND

Kimmel declared:

"I cannot understand now—I have never understood—I may never understand—why I was deprived of the information available in the Navy Department in Washington on Saturday night and Sunday morning."

On December 6 he said, there still would have been time to trap the Japs. Kimmel declared:

"I would have ordered all fleet units in Pearl Harbor to sea, arranged a rendezvous with Halsey's Task Force returning from Wake, and been ready to intercept the Japanese force by the time fixed for the outbreak or war."

Kimmel added that even on the morning of the attack if armed with all information available in Washington, he could have moved his light forces to sea and put all ships in the harbor at "general guarters" to repel an attack.

INFORMATION WITHHELD

In his statement, Kimmel charged:

The Pacific fleet was deprived of a fighting chance to avert the disaster of Dec. 7. 1941, because the navy department withheld information which indicated the probability of an attack at the time it came.

The navy department wanted to involve the United States in war with Germany in the event of an American-Japanese war.

He did not receive any part of the final Jap reply, 13 parts of which were decoded on December 6, or the December 7 intercept fixing time for delivery of the full 14-section note.

Jail Sentence, Fine for Bell

LOS ANGELES.—Arthur (The Voice) Bell, head of the $3,000,000 Christ's Church of the Golden Rule, was sentenced to three days in jail and fined $500 by Superior Judge Henry M. Willis for failure to cooperate with a receiver attempting to take over the church's assets.

Judge Willis granted a 30-day stay of execution of the sentence at the request of Attorneys A. L. Wirin and Russell Parsons, who informed the court of their intention to appeal.

Bell was "convicted" of "contempt of court" last month on charges that he interfered with a receiver by failing to turn over certain books and records of his church.

The receiver was appointed in October to take over the church's property on grounds that the church violated its state corporation charter. Subsequently, bankruptcy proceedings were filed in Federal Court and Federal receivers took over the disputed books and records.

PERSECUTED FOR BEATING THE JEWS AT THEIR OWN GAME

Mr. Bell demonstrated that by adhering to the Golden Rule in practice, a Christian people can beat the Jewish racket. Starting out with a moderate amount of money, thru cooperation, tithes and hard labor Bell increased the commonwealth of his organization to $3 millions, plus. In so doing he defied the Labor Union Racket, the Newdeal and the Jew-War II. Tried and "convicted" in Federal Court for sedition he is out on bail pending appeal.

Calif. Atty. Gen. Robert Kenny, who is a candidate for governor, decided to curry favor with the Jewish and Newdeal vote by destroying the successful demonstration of the Golden Rule in organized practice. He filed suit in Superior court for a receivership which was appointed by a politically minded, un-American judge who has no respect for the Bill of Rights of religious activities.

Bell, in order to protect his congregation and their properties which are to insure them in old age or sickness, filed suit in Federal Court and won. To do so he ignored the orders of an un-American judge, bent on political favoritism, and instructed his people to stand firm in their constitutional rights, which they did and saved their properties from dissipation by a Communist fellow traveler, the Atty. Gen. of Calif., Robert Kenny.

Result of Moscow

1) Although McArthur warned the War Department weeks ago, that 'younger Japanese are questioning whether the salvation of their country lies in Democracy or Communism' (which report was strangely enough given out only yesterday), we agreed in Moscow to let the Kremlin-fellow-travelers give us a 'helping hand' in the administration of Japan!

2) We delivered Jugoslavia to Tito!

3) We administered democratic Italy a nice kick in the back by depriving it of peace for probably the entire year of 1946 until they give Trieste and Venetia Julia to Tito and to Molotoff, Tripolitania and Eritrea. After '46 Togliatti (the Bolshevik) will take over the rest of Italy!

4) Baltic states delivered for good to the Kremlin Intelligentsia!

5.) Azerbeijan and with it—sooner or later—Turkish Armenia delivered to the Bolsheviks, while we pull out of Persia (which means: Good Bye to Dardanelles, Suez, Basra and with them India and Indonesia!)

6) Whilst we teach them in Germany thru our Jewish emmisaries Democracy and Truman's 10 points—we silently bow to the Bolshevik deeds in Eastern Germany—where women and children are raped daily and even our soldiers are murdered in Berlin!

But why worry as long as we have over here Truman's ten points on paper!

MARY URBAS WEISS

'Mass-Sedition' Trial to be Abandoned

WASHINGTON, D. C.,—Defense attorneys in the mass sedition indictments against 29 defendants have begun a variety of actions to force the justice department to dispose immediately of the four year old case.

Habeas corpus proceedings in behalf of August Klapprott and Hermann Schwinn will start in Federal District court here. Earlier a motion was filed to dismiss charges against Gerald B. Winrod for want of prosecution.

Another defendant, Prescott Dennett, has asked for similar action and several others named in the indictment have demanded that the government give them opportunity to be heard or quash the charges without delay.

The justice department already has decided to abandon the case, which dates back to attempts of the Roosevelt administration to smother criticism of its prewar foreign policies. According to charges made on the floor of congress, the case grew out of a campaign, originated by Eugene Meyer's Washington Post, to smear isolationists by associating them with various Nazi propagandists, anti-Semites, and crackpots.

Later the Post condemned the trial procedure as a farce. The same paper announced it had learned that the case is to be abandoned.

It is reported officials of the Truman administration see no point in continuing the prosecution, especially in view of a recent Supreme court ruling in freeing members of the German-American bund who were charged with advising others to evade the draft law.

The officials explain that the keystone of the sedition case, as started under the Roosevelt administration, was the conviction of the bundists. The Supreme court also ruled that it saw no conspiracy among bundsmen thruout the nation.

This was a further blow to the sedition prosecution, which was based on sweeping charges of conspiracy against a wide assortment of defendants, many of whom never had seen or known one another prior to the trial.

The habeas corpus writs for Schwinn and Klapprott were issued by Justice Alexander Holtzoff of Columbia District court. who exclaimed as he signed the papers: "These men must be given an immediate trial or released."

BOTH CONVICTED IN BUND CASE

Both were convicted in the bund case, later reversed by the Supreme court, and have been held without bail for nearly four years. At present they are in custody on immigration warrants, being held for deportation to Germany, in addition to being defendants in the sedition case.

Their petitions for writs, filed by Attorney James J. Laughlin, ask disposal of the sedition proceedings without delay and seek to force the government to admit them to bail pending a deportation hearing. Klapprott is married and his wife and one child are living in New York. His deportation would force him to leave them in this country for an indefinite period.

Klapprott's long imprisonment in the district jail has provided sufficient time for him to rebuild one wall with a separate entrance for the women's quarter, a job which, it is estimated, otherwise would have cost the government approximately $15,000.

Dear Sir:

I was trying to get this letter and enclosure off to you before Christmas but I could not get to it and then I thought it would be nice to get a few dribbles coming in AFTER the holidays.

I am sending you a donation of $5.00. One dollar is from a friend, Mrs. G.

I am also sending you $3.00 for a renewal of of my subscription which I believe expires next month, February.

We hope you have a prosperous new year. Would like to say "happy" **also** but under the conditions I don't know any one who has sense and feeling can be happy. I am reminded of the song, "Tea for Two", and it strikes me as a very good thought we ought to as a nation adopt. It is: "I want to be happy but I can't be happy unless I make you happy too."

The world is in a mess and the United States under Roosevelt brought this whole catastrophe upon it because he offered thirty (dirty) pieces of GOLD in payment to themselves to crucify themselves and FDR gave the kiss of death to all men of good will. Too bad he is not here now to stew in his own juice! (Our money should read "IN GOLD WE TRUST"—not God).

The pity of it is now America has very few people or men who could steer us out of our sins and give us "absolution". I believe they call it. And these men have no way of getting power enough to do anything about it, and those who have the power are too dumb and possibly treacherous. Maybe America could be classed and I believe it is so classed by leaders of other countries, as "BEAUTIFUL BUT DUMB". (Ho-hum!)

If any one got any sense out of Mr. Byrnes' talk the other night he would have to make it up. For all I got out of it was as he said again, again and again—"It was not as I would have liked it BUT I HOPE, it will lead to something".

My prayer to God is "Open thou our eyes but close our ears to ALL propaganda!" And if we could just try to get along without advice and wailings of the AMAZING JEWS! That constant Jew business is just like a flea in our underwear, the more we scratch the more irritating it is and the flea has the time of his life watching us scratch where we can't get at him;

Well enough of this for now.

Always your well-wisher, Very sincerely.

Mrs. R. C.

THE ONLY MAN WHO BLABBED

CHICAGO, Ill,—The measure of the man F. D. R. can be taken by referring to page 44 of the Nov. 10, 1945, issue of the Saturday Evening Post in an article on "How We Kept the Atomic Bomb Secret" by Joseph Marshall.

There were 150,000 workers involved in the gigantic undertaking with an army of FBI seeing to it that the secret was kept. None of the 150,000 spilled the beans.

The only noteworthy leak was, quoting: "In Aug. of 1944, a Mexican publication reported a speech by the Mexican foreign minister in which he mentioned a confidential talk with President Roosevelt" about the bomb.

There were those big forbidding signs "SECRET—Penalty 10 Years in Prison or $10,000 Fine or Both"—meant for those who were not the law itself, himself. L'etat, c'est moi!

ELMER LUEHR

To The Editor:

It seems like a waste of time and money for President Truman to call upon the people, to get after Congress, to pass certain measures. I wonder how much quicker and certain action would have been assured, had he persuaded Bernard Baruch, Judge Rosenman and Frankfurter to turn the heat on Congress. What is the use of paying Congressmen ten thousands of dollars per year, when a rubber stamp costs only $1.50.

Yours For American Government,

And can anybody find the answer to the puzzle why Tyler Kent, American anti-Semite involved in a treasonable act, and Ezra Pound, self confessed American anti-Semitic proFascist, are now beyond legal prosecution?...

Christmas in D. C. Jail and Asylum

By Ellis O. Jones

" 'Twas the night before Christmas and all thru the jail
Not a creature was stirring that wasn't a male,
Unless you except a forlorn cat
And some of us just wouldn't know about that,
Already had started the usual snore
When suddenly sounded a bang on the door.

The sleepy guard stirred and mid rattling keys
Cursed roundly at being disturbed from his ease.
He opened the porthole and there in the night
Beheld a traditional Christmas Eve sight.

'Wottell', he demanded, 'Get on with that noise!'
'I'm Santa. I've got a few things for the boys.'
'Well, say! That's a dilly. Now where have you bin?
Ain't you heard we don't allow nuthin' brought in?'

'But, listen—' 'Now say, don't you gimme no guff.
I'm saying you can't come in here with that stuff.'
'But, jailer, its Christmas.' 'I don't give a damn.
Them's the new regulations. Don't argue. Just scram!' "

NEGRO HEAD OF VIRGIN ISLES

WASHINGTON, D. C.,—The Virgin Islands will have their first Negro governor soon if President Truman's appointment of Judge William Henry Hastie is confirmed by the Senate.

Hastie, whose selection for the post now held by Charles Harwood of New York was announced at the White House, is dean of Howard university here.

The West Indies island group was bought by the United States from Denmark in 1917. The 1940 population listed 2,236 whites, 17,176 Negroes, and 5,477 mixed races.

The White House did not say whether Harwood, an appointee of the late President Roosevelt, had resigned. Press Secretary Charles G. Ross simply said:

"The governor serves at the pleasure of the President."

Hitler's Slave Laborers

NUERNBERG, Germany,—Prosecution of 21 high Nazis before the international military tribunal became history's biggest murder trial, with not one victim, but uncounted millions. It became the most extensive kidnaping case in all human experience, with uncounted millions of laborers conscripted from occupied countries by the Nazis.

The now familiar story of these crimes was documented for future generations to read of the price of total war, and for history to know what happened to European civilization in World War II.

Notwithstanding the bulk of the case, evidence disclosed details as shocking as any "hammer murder" or "hatchet killer" case in peace time newspaper headlines. When the session was adjourned, United States prosecutor, Thomas J. Dodd was sustaining the cnarge that concentration camp prisoners were being worked to death as a matter of policy, just as the Jews were exterminated as a matter of Nazi policy.

SLAVE HUNTS REVEALED

Captured German documents introduced covered slave hunts in occupied countries in response to periodic orders from the reich for hundreds of thousands of more male and female laborers to replace losses from overwork, undernourishment, punishment, disease, and murder. The evidence covered the barbaric deprivations, exactions, and penalities suffered after imprisonment.

Presiding Lord Justice Geoffrey Lawrence called attention of the court to a line in an order to SS kidnapers from the security police in March, 1943, concerning the recruitment of workers from Poland and Russia.

"As a rule no more children will be shot," the order said.

WEATHER BEWARE

When snow comes, Curlilocks will be ready for it in this pretty and practical reindeer suit with matching hat. A new feature is the gay ski-print lining of napped cotton, which is water repellent like the outer cotton fabric. The suit is lightweight for romp freedom yet warm because the tightly woven cotton outshell keeps out icy winds. The finish still functions after repeated washings or cleanings.
